DETAILED ACTION

Continued Examination Under 37 CFR 1.114

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 30 June 2009 has been entered.

Response to Amendment

In response to the amendment filed 30 June 2009, the following is placed in effect.

All rejections of record are expressly withdrawn.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the claims:

Cancel claims 34-40 and 42.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: No prior art has been found or presented that either teaches or fairly suggests the manufacture of a vinyl.cis-polybutadiene rubber composition comprising cis-polybutadiene rubber, 1,2-polybutadiene, and a polymer substance having a melting point lower than that of the 1,2-polybutadiene and having at least one unsaturated double bond per repeating unit, wherein the polymer substance comprises at least one selected from the group consisting of polyisoprene, crystallizable polybutadiene having a melting point less than 170°C, liquid polybutadiene, a polymeric compound containing an ether group, an epoxy group, a carboxyl group, an ester group, a hydroxyl group, or a carbonyl group, and derivatives of the polymer substance thereof, and wherein the cis-polybutadiene rubber is a matrix component of the vinyl.cis-polybutadiene rubber, and wherein the 1,2-polybutadiene and the polymer substance are dispersed in the cis-polybutadiene rubber matrix component in an adsorbed state, so as to be insoluble in boiling n-hexane.

Claims 53 and 54 have been rejoined and are deemed to contain allowable subject matter, upon examination.

The rejection of claims 43-52 and 55-57 under 35 U.S.C. 112, first paragraph, for enablement, is hereby expressly withdrawn in view of applicants' amendment.

The rejection of claims 43-52 and 55-57 under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention, is hereby expressly withdrawn in view of applicants' amendment.

The provisional rejection of claims 43-52 and 55-57 on the ground of nonstatutory obviousness-type double patenting as being unpatentable over claims 1-14 of copending Application No. 10/596,755 (US 2007/0155889) Okamoto et al, is hereby expressly withdrawn in view of the acceptable Terminal Disclaimer filed

The reference to Tsujimoto et al (US 5,468,822) is cited of interest. The reference shows the production of a polybutadiene resin blend composition comprising two different polybutadiene constituents. Note column 3 (line 31) to column 4 (line 61). The reference fails to teach or suggest the matrix composition herein claimed.

Since there are no outstanding issues with regard to the clarity or enablement of the claims, these claims are deemed to contain allowable subject matter.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Nathan M. Nutter whose telephone number is 571-272-1076. The examiner can normally be reached on 9:30 a.m.-6:00 p.m..

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, James J. Seidleck can be reached on 571-272-1078. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
